

Sample Retail Benchmarks

Grocery Department (Operating metrics sample)

1. Average off-hour replenishment %
2. Average days of in-store inventory
3. Average inventory as a % of weekly sales
4. Average out-of-stock %
5. Total case stocking rate (incl all rec, br, and groc team hrs)

For demonstration purposes (only) an estimate has been inserted into these graphs to display a sample client performance level. The benchmark data may not be applicable to all formats without refinement.
